Weddings

The Atherton Suite

The perfect venue for weddings, from intimate gatherings to grand celebrations, couples can choose to perform their whole ceremony exchanging vows followed by fun and games or just to hold a cosy family reception.

The Main Room has large sash windows, flooding light into the space, with adjustable dim lighting to add atmosphere to evening events. It is a versatile room which can accommodate a dancefloor, dining area, band or whatever is required.

The Conservatory boasts a glass ceiling which fills the venue with natural light, perfect for impressing guests and showing off wedding dresses to maximum effect, allowing the bride to glide down the aisle and captivate the groom.

With no charge for corkage, celebrate with wine and champagne and fully stock the well-equipped bar.

Approximate Dimensions: 16M x 6M

Main Room

The Main Room can be arranged to suit any event. For example, for dining, 7 round tables comfortably fill the space; for presentations, trestle tables can be arranged to seat 25, with optional extra seating and 100 chairs can be positioned in theatre style.

Approximate Dimensions: 15M x 7M

Conservatory

The Conservatory can be arranged in any format to fit your requirements. it is fitted with a hearing loop and internal wooden sliding doors which separate the Main Room from the Conservatory, allowing both rooms to be separate entities, if desired.

Corporate

The Atherton Suite

A professional modern venue which is ideal to hold business meetings, training days and corporate functions.

The Main Room provides a comfortable relaxed area for guests and clients.

With Conference Facilities, an 82" Samsung Screen, 4K webcam and echo cancelling speakers plus a PA System ensure picture-perfect interactive presentations for meetings, conferences or conventions.

During meetings the conservatory allows extra space for workshops, team building, networking, break out groups or lunch and refreshments, and can be sectioned off from the main room by internal doors.

A Commercial Kitchen allows clients to either hire in professional caterers or utilise the equipment to prepare and cook food on site.

Main Room

The main room can be arranged to your specific requirements, for example, theatre, boardroom or horseshoe style, enabling optimal use of the space and equipment.

Conservatory

The Conservatory is fitted with a hearing loop, air conditioning and internal wooden sliding doors, allowing both rooms to be separate entities if desired.
